9. The prices of the packages include 9% VAT.
10. You pay for 49 weeks of hot meal service instead of 52 weeks.
11. Holiday childcare is provided in whole days (from 07.30 hrs to 18.30 hours) or in half-days. A morning block lasts from 07.30 to 13.00 hours and an afternoon block lasts from 13.00 to 18.30 hours.
12. The monthly amount on your invoice can differ up to € 0.10 in price from the gross monthly price on the rates overview.

## Supplementary out-of-school care rates 2021.

1. The national standard is the standard amount used to calculate the childcare allowance of the Tax and Customs Administration.
2. The following school holidays fall under the 12 weeks of school holidays: 1 week autumn half-term, 2 weeks Christmas holiday, 1 week spring half-term, 2 weeks May break, 6 week summer holiday.
3. The opening hours of our out-of-school care (pre-school care and after-school care) are in line with the school hours, the school holiday weeks and the school days off of primary schools.
4. For the 40 week package, you will receive an invoice 11 times a year. As a result, the number of hours and the price per month do not match the data on the invoice. In August you will not receive an invoice from us.
5. We offer childcare from 07.30 hours. Our staff take the children to school. The number of hours per month may vary depending on the starting time of the primary school.
6. The offer differs per location. That depends on availability.
7. You can apply for extra childcare at your Korein location.
8. You choose one package for all the days that you use childcare.
